COMPANY OVERVIEW

About Us

PT. Ade Mitra Primah Jaya is a company founded on August 9, 2021, in Riau province that has commitment and professionalism in the business sector, including supplier and contractor, main power engineering, construction, heavy equipment rental, scrap metal, and carbon iron.

We have a vision to become a leading service company capable of providing satisfaction to customers through quality and innovative products and services.

OUR PROCESS

Mission

To become a leading service company that is able to provide satisfaction to customers through quality and innovative products and services.

We Believe

We believe that to be able to provide the best service for customers, this can be achieved by having human resources who are experts in their fields and have high integrity.

VISION

Always offering the best contractor services by paying attention to what clients want and need and providing a sense of security and comfort through three things:

- Timeliness,
- Quality of workmanship, and
- Price transparency
